

Summer Day

SYNOPSIS OF LESSON - 1

We all know that God is the creator of this world. And we should be thankful to him for giving us life in such a wonderful world. Our first chapter deals with the same concept. It is natural for us that we all offer our thanks to the God whenever we fulfill our dreams or get something which we wanted to get.

Norman Macleod, has written the poem 'Trust In God and Do The Right' with the message that we should never be afraid of moving towards our aim with a trust or faith in the mercy of Almighty.

The poem encourages us to remember God in every type of the situation. It would not be fair to pray God only when we are in trouble.
